## **Biblical Creation Assessment & Biblical Creation Ministry Professional**

Genesis Apologetics and the International Association for Creation have partnered to create the Biblical Creation Assessment (BCA) and the Biblical Creation Ministry Professional (BCMP) certification. The BCA is a two-part online test (with a \$30 testing fee) that includes a 65-item “Biblical Creation” knowledge assessment that covers the ten most important topics in the Biblical Creation field and a 33-item “Basic Christian Doctrine” assessment. The study guide for each test is on the following page.

To pass the BCA, candidates must achieve the following scores: (1) Biblical Creation Test: **49** of 65 items, or **43** of 65 and remediate by studying the topical areas regarding each item they answered incorrectly; (2) Biblical Christian Doctrine Test: **25** of 33 items, or **20** of 33 and remediate by studying the topical areas regarding each item they answered incorrectly. The cutoff scores for each were set by a panel of nine experienced Biblical Creation ministry professionals. It shall be the responsibility of each candidate to inform Home Office of their assessment completion, so their case file can be properly updated with the required information.

Candidates who pass **both** components of the BCA are eligible to become Biblical Creation Ministry Professionals (BCMPs) by meeting three additional requirements:

1. **Educational:** A completed Bachelor’s degree or higher; **OR** any one of the following:
  - a. At least six college-level units of communication-related classes AND at least six units of science-related classes, such as biology, earth science, geology, astronomy, life science, paleontology, chemistry, genetics, scientific theory or methods, anthropology or related areas (evaluated on a case-by-case basis); **OR**
  - b. The equivalent to (a) through other college-level training or equivalent experience in the areas described above (evaluated on a case-by-case basis).
2. **Experience:** Speaking experience including at least ten presentations (not necessarily in the Biblical Creation field), and one online/recorded presentation that can be reviewed by IAC staff.
3. **References:** Three letters of reference from senior church staff that include a brief review of the candidate’s Biblical Creation knowledge/experience, personal character, and involvement in the local church.

Candidates who obtain the BCMP receive three benefits, provided by Genesis Apologetics: (1) **Master Presenter Library**, which includes more than 1,000 PowerPoint slides and videos that are useful for speaking in this area; (2) access to IAC’s Fossil and Artifact Library, a \$40,000 collection of artifacts, teaching objects, dinosaur fossils, and other tools useful for promoting the Creation message; (3) a 50% discount on all Genesis Apologetics books and DVDs.

## **Exceptions**

Adjunct/employed speakers with ministries included on our exemption list (found on our website, at [www.CreationCertified.org](http://www.CreationCertified.org) under the "The Process" tab) are considered to have met the above qualification requirements and may have access to the resources described above.
